

MANAGER / DIRECTOR DEVELOPMENT

Chesterfield, Missouri or San Francisco, California

About Longview

Longview Infrastructure is a developer of energy infrastructure backed by Stonepeak, a leading alternative investment manager with over \$83 billion in assets under management. Longview develops, constructs, owns, operates and maintains electric energy infrastructure. It combines proven execution capabilities and sophisticated investment solutions to provide benefits to ratepayers and enable economic growth.

About the Role

Longview is seeking a highly-motivated and experienced development professional to lead the execution of energy infrastructure projects alongside a fast-growing, highly-skilled team. As **Manager/Director Development**, you will be responsible for the end-to-end execution of a project including scope, cost, and schedule. You will:

- Lead the execution of a project including permitting, land acquisition, procurement, contracting, and commissioning
- Manage a cross-functional team of engineers, environmental specialists, and attorneys
- Assess and recommend decisions to maximize commercial value
- Act as Longview's primary external representative for the project

Who You Are

- 10+ years' experience executing major energy infrastructure projects
- Demonstrated track record of leading cross-functional teams and project delivery
- Bachelor's or Master's in engineering, economics, finance, or a related field
- Results-oriented team player with an ownership mindset

What We Offer

- Competitive salary, bonus, and equity participation
- Excellent health, dental, vision, insurance, 401(k), and Paid Time Off
- Partnership with a small, highly effective team drawn from the best in the industry
- Outsized immediate responsibility and rapid career development
